CONFIRMATION OF TELEPHONE COMMENTS TO OMB

TO: ASSISTANT DIRECTOR FOR LEGISLATION REFERENCE
ATTENTION: Sue Thau/Annette Rooney, Legislative Analyst

This is to confirm telephone comments provided your office by
Ron Levy on 2/12/87, relating to CIA draft bill
"Intelligence Authorization Act, FYs 1988 and 1989."

Briefly, the following comments were provided:

Sue/Annette: Attached is a copy of the comments we received from IRS on the above captioned. As you will see, the problems are the same as last years. For your information, I have attached a copy of Treasury's 2/21/86 report.

Feeling is very strong concerning the disclosure of tax information.

Also, there is a potential problem with Sec. 403, and I am trying to find out how it will affect Treasury.

Thank you for the opportunity to provide comments on the above matter.
We would appreciate being kept advised of any further action taken by
your office with regard to this matter.

Sincerely,

Arthur J. Schissel
Deputy Director
